

A floor and/or site plan must include:

- Any buildings on the property;
- Distance to neighbouring properties;
- Roadways abutting the property;
- All access to property from the roadway;
- Available parking areas;
- Public washrooms;
- Garbage Receptacles; and
- Fire Exits.

(i.e., if in a commercial unit, the entire unit should be indicated in the floor plan; if a home occupation, indicate the entire floor of the dwelling, specifying the area dedicated to the home occupation)
