NOTICE TO AFFECTED RESIDENCES

DISRUPTION OF WATER SERVICE

Please be advised that as a result of construction work on Robertson, Osborne and Susan Ave., your water service will be disrupted on Friday June 19th, 2020 commencing at approximately 8:30 AM.

Please make any necessary arrangements in order to prepare for the disruption. We anticipate that your water service will be reinstated before 6:00 PM, provided that unforeseen circumstances are not encountered.

Occasionally, some minor problems can occur after the water supply is reinstated.

- If water shows discoloration, run the water until it clears.
- If sputtering occurs, turn on every hot and cold faucet to remove air pockets from the water supply.
- If flow at a faucet is less than usual, remove the screen from the faucet, remove any obstructions and reinstall it.

We apologize for the inconvenience. If you have any questions or require further information, please do not hesitate to contact the individuals listed below.

To receive project updates and notices via e-mail, subscribe to the 'Watermain Relining – Jane Street and Joyce Street' project pages at the following links: www.cornwall.ca/jane and www.cornwall.ca/joyce. The green 'subscribe' button is located at the bottom of the project page.

Please note that work will only take place if weather permits; the 'Disruption of Water Service' will be rescheduled for the following business day if the work is postponed as a result of inclement weather.
