DISRUPTION OF WATER SERVICE

Project: Tender No. 24-T15 – Third St from Bedford St to York St

Please be advised that due to construction, your water service will be disrupted on:

Wednesday, October 2nd, 2024 at 7:00am

Please make any arrangements necessary to prepare for the disruption. We anticipate that your water service will be reinstated once work has been completed, provided that there are no unforeseen circumstances.

Occasionally, minor issues can occur after the water supply is reinstated.

- If water shows discoloration, run the water until it clears.
- If sputtering occurs, turn on every hot and cold faucet to remove air pockets from the water supply.
- If flow at a faucet is less than usual, remove the screen from the faucet, remove any obstructions and reinstall it.

We apologize for the inconvenience. If you have any questions or require further information, please reach out to the project team using the contact information provided below.

Visit cornwall.ca/construction to learn more about the project and subscribe to receive e-mail updates and digital notices at the various project milestones.

Please note that work will only take place if weather permits. The water service disruption will be rescheduled for the following business day if the work is postponed as a result of inclement weather.
