PRE-CONSTRUCTION INSPECTION
Reconstruction of First Street & Lawrence Ave
City of Cornwall, ON

Dear Tenant/Owner,

Blastek Engineering Group has been retained by Cornwall Gravel Company Limited to conduct a pre-construction inspection of properties that are adjacent to the construction zone for the above noted project.

The inspection provides a video/photographic documentation of the existing condition of adjacent properties prior to the commencement of construction. Though it is unlikely that construction activities will damage adjacent structures, inspections are undertaken as a precautionary measure to assist all parties involved (owners, contractor and the developer) in addressing concerns related to damage claims that may arise. Participation is not mandatory but recommended to all owners; furthermore, it is free of charge to owners.

Copies of the videos/photographs will not be shared with any party: homeowner, contractor, developer etc. All photographs obtained by Blastek, will be kept in trust and will only be utilized in the event of a filed claim.

Our inspection program will be carried out as follows:

- You can view a list of Frequently Asked Questions and book an appointment by scanning the QR code or by visiting: <https://form.jotform.com/241704478035254>
- Both interior and exterior inspections take approximately 0.5-1 hr to complete;
- If we do not hear back from you, we will assume that you have refused this inspection.

Job # B040044

The deadline for the inspection is Friday (July 5th, 2024), please contact us in advance to schedule an appointment.

For any questions, please contact us at inspections@blastekgroup.com

Thank you in advance for your patience and we apologise for any inconvenience this may cause.

Regards,
Blastek Engineering Group
