MEMORANDUM

To: Morris McCormick

Date: January 28, 2010

**From: Ewen MacDonald C.R.S.S./R.R.F.M.
General Manager – Infrastructure Services**

Subject: Waste Water Capacity

Good Morning Morris,

Thank you for sending the invitation to the open house for the Public Meeting on the expansion of the Waste Water Plant. I will not be able to attend the meeting however I would like to provide the following comments:

You had in a previous e-mail stated that correspondence with Infrastructure Canada we have made the following statement

"At the present time there are no plans to extend the wastewater collection system to a neighbouring municipality however it is under consideration. Our neighbour to the east, South Glengarry, has just completed an EA with the City of Cornwall WWTP being one of the options."

I also understand that there is no mention in the draft EA at this time of connecting to or assigning capacity to South Glengarry.

The Township of South Glengarry respectfully requests that the EA include a provision for the connection and assigning of capacity to South Glengarry

as per the recommendations of our Glen Walter Area Water and Waste Water Servicing Master Plan.

A copy of the Township of South Glengarry plan will be provided upon request. If you require anything further at this time please contact me.

Thanks

Ewen Mac Donald C.R.S.S./R.R.F.M.
