

Notice of Completion

Brookdale Avenue North Sanitary Servicing Class Environmental Assessment

The City of Cornwall provides wastewater collection and treatment services to properties within its municipal boundaries. It has been identified that the Brookdale Avenue North Area, between Tollgate Road and Cornwall Centre Road, would benefit from sanitary services. The City has determined that a single sewage pumping station solution is the preferred solution to provide servicing to this area. The works are planned to be completed by the fall of 2020 at an estimated cost of \$7,000,000.

This project is being planned under **Schedule B** of the **Municipal Class Environmental Assessment**. Subject to comments received as a result of this Notice, and the receipt of necessary approvals, the City intends to proceed with the design and construction of this project.

The project plans and other information are available at <https://www.cornwall.ca/en/livehere/engineering-notices-and-reports.aspx> and at the following location:

Location: Municipal Works Building,
1225 Ontario Street, Cornwall.

Interested persons should provide written comment to the municipality on the proposal within 30 calendar days from the date of this Notice. Comments should be directed to the Division Manager of Infrastructure.

If concerns arise regarding this project, which cannot be resolved in discussion with the municipality, a person or party may request that the Minister of the Environment, Conservation and Parks to order a change in the project status and require a higher level of assessment under an individual Environmental Assessment process (referred to as a Part II Order). The Part II Order Request Form is available online on the Forms Repository Website (<http://www.forms.ssb.gov.on.ca>) by searching "Part II Order" or "012-2206E" (the form number). Reasons must be provided for this request. Request must be received by the Minister within 30 calendar days of this Notice.

If there is no request received by June 27, 2019, the City of Cornwall will proceed to design and construction for the Brookdale Ave. North Sewage Pumping Station, as presented in the planning documentation.

Please note that ALL personal information included in a Part II Order submission – such as name, address, telephone number and property location – is collected, maintained and disclosed by the Ministry of the Environment and Climate Change for the purpose of transparency and consultation. The information is collected under the authority of the Environmental Assessment Act or is collected and maintained for the purpose of creating a record that is available to the general public as described in s.37 of the Freedom of Information and Protection of Privacy Act. Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential. For more information, please contact the ministry's Freedom of Information and Privacy Coordinator at 416-327-1434.
