Public Works Committee No. 11-71 - The City was asked to consider other areas besides 36 and 38 Second Street East as a site suitable for a parking lot and it was also brought out that this might be a suitable time to consider the erection of a parking garage. Alderman Holden suggested that

Alderman L. Gauthier, seconded by Alderman J. Pescod, that the report be adopted as received. Carried.

Alderman A. Clement asked Mr. Adams to prepare a report as to when the merchants may expect to have Montreal road resurfaced. In his opinion, it was not fair to tear up this section of the City while beautifying another area. Alderman G. Cameron pointed out that when we reach an agreement with the Seaway Authority on the Canal lands, we could then proceed to widen Water Street and help improve this whole area of the City.

Rule '48' - Moved by Alderman A. Clement, seconded by Alderman G. Cameron that Rule '48' be suspended in order to hear Mr. Marcel Bourgon, President of the East Cornwall Merchants Association. Mr. Bourgon stated that he had studied the proposals for the improvement of Montreal Road as contained in the Public Works Committee report, No. 11-71, and that these proposals are not acceptable to the East Cornwall Merchants. He asked that the Association be permitted to meet with the Public Works Committee to see if a better arrangement could be arrived at, and the work carried out in a method acceptable to the merchants. Mr. Bourgon stressed that the merchants were against the continual tearing up of Montreal Road, and suggested that if it was not possible for the City to carry out the complete project this year, then the money be set aside until the work can be completed at one time. Alderman Gauthier replied that the

Committee has not enough money in this year's budget allocated to complete the Montreal Road Project, and are only prepared to do a certain portion this year. However, Alderman L. Gauthier assured Mr. Bourgon that the Committee is certainly prepared to meet with and listen to any proposals of the Association.

property on Brookdale Avenue. Alderman G. Cameron stated that he was sympathetic to Mrs. Lavigne and the people living along Laflin Avenue and Brookdale Avenue, and predicted that in the future the area will definitely be Commercial but felt that there should be some control over the east as well as the west side of the street, and suggested this application was a little premature. He did not think spot zoning was the answer to the problem but that the whole area should be considered. Carried.

Beach Management Agreement not be extended at this time.

Ice in Water Street Arena - Alderman Lebano
asked Mr. Adams or someone from his department to look
over arenas in Ottawa where ice has been installed for
summer usage.

Beautification of City - At the suggestion of
Alderman Lebano, Mayor Kaneb extended thanks and congratu-
lations on behalf of members of Council to all the citizens
of Cornwall who have accepted the month of May as clean up
month, and have in various ways beautified their homes.
The Mayor reported that the resurfacing of the roads has

started and within three weeks, the streets should be in better condition. He particularly referred to the work now being carried on on Second Street East which should be completed shortly.

Fortier Avenue Park - Alderman Lebano referred to the condition of the park area on Fortier Avenue and suggested that a legal and engineering report be obtained as to whether this area should be retained and cleaned up, or sold.

Bathtub Derby Daze - Alderman Lebano reported the Parks and Recreation Department are very much involved in Bathtub Derby Daze and that Thursday is a day for youth.

Parks Administrator - Alderman Lebano related that Mr. Si Miller has completed a Business Administration Course, and is presently completing a Two Year Parks Course. He suggested that studying of this nature is an advantage to the Department and to the City and felt that Mr. Miller should be given official recognition.

Senior Citizens - Alderman Lebano asked that we continue to make the Federal and Provincial Governments aware of the plight of the senior citizens on fixed incomes. He suggested that elimination of school taxes to these citizens would help the financial situation of these people.

Road Repairs - Moved by Alderman Webster, seconded by Alderman Lebano that the request of Alderman Gauthier for an additional amount of \$22,000.00 for road patching and an additional amount of \$8,000.00 for sidewalk repairs was referred to the Finance Committee. It was suggested that Alderman Gauthier and Mr. Adams attend the finance meeting in order to answer any questions.

Surveyor's Act - Moved by Alderman Brunet, seconded by Alderman Cameron that at the request of Alderman Brunet, the Administrator prepare a resolution for submission to Council asking that Section 56 (2) (3) of the Surveyor's Act be repealed.

Sidewalks on Prince Arthur Street - Alderman Brunet asked that action be taken this year to improve sidewalks on Prince Arthur from Montreal Road to First Street.

Water Rates - Alderman Brunet referred to extra revenue of between \$3,500.00 and \$4,000.00 which is available to the City as the result of Water Works Survey being undertaken. He felt, however, that in some cases an extra number of water outlets did not signify the use of any extra water in that household. In Alderman Brunet's opinion these extra charges seemed like a penalty; whereas the City is selling water to some industries at a loss. He suggested that the water rate structure be updated. Mayor Kaneb suggested to Alderman Brunet that he bring this problem up at the next Public Works Committee meeting and that he attend the next Finance Committee meeting.

Courtauld's Credit Union Office - Alderman Carrara referred to the fine example of urban renewal by private enterprises in the completion, on First Street West, of the Courtauld's Credit Union Office with three apartments built over the top of the office.

The assessment on the building, he noted, has now tripled, and he pointed out that many more undertakings of this type are needed on Pitt Street.

Junior 'B' Canadian Lacrosse Championship - Alderman Carrara brought out the fact that the Junior 'B' Canadian Lacrosse Championship is to be held in Cornwall during July and August, which event will involve approximately 600 youngsters. He suggested that the Parks and Recreation Committee publicize this event.

Sale of Debentures - Moved by Alderman Bough, City call seconded by Alderman Webster that the/tenders for debentures to close on July 8, 1971.

Seeding of Boulevards - Alderman Bough produced for Council samples of topsoil from Lee and Bedford Street areas. He pointed out that people along the streets claim that this is not topsoil but that sand and stones are used with grass seed being sprinkled on top. He asked that the engineers conduct an examination of this topsoil.

Transit Subsidy - Alderman Bough referred to the recent bill passed by the Legislature granting a subsidy on Transit Operations. He felt that any monies received by the municipality could help relieve some of the pressure on this year's budget. He noted that while there is a reduction of 195 receiving Welfare Assistance, the expenditures

have gone up over \$21,000.00 since last year. Alderman Bough asked that we consider adopting a policy of certain other municipalities, that if an employable has not received a job within a fixed period of time that he is taken off the rolls, and must then go through the procedure of applying again. The Mayor agreed this could be a good suggestion to follow for single employables providing such a policy may be followed within Ontario.

Road Cuts on Pitt Street - Alderman Cameron referred to the humps created on Pitt Street from the Toll Gate Road northerly to Eamers' Corners as a result of the road cuts. He suggested that the cuts be melted and rolled again.

Traffic Tie Up - Alderman Webster referred to the traffic tie up at the C. N. R. tracks on Brookdale Avenue this past Friday afternoons at three p. m., which caused a traffic tie up of approximately 100 cars. He asked that the C. N. R. be contacted, making them aware of the serious problem created and the inconvenience caused during the tourist season.

Summer Youth Project - The Administrator read a letter from the Minister of Education advising that a summer Youth In Action project has been approved for the City in the amount of \$1,000.00. It is to be used to establish a Youth Volunteer Bureau.
