

CITY COUNCIL #26-78

June 27, 1978.
7:30 p.m.

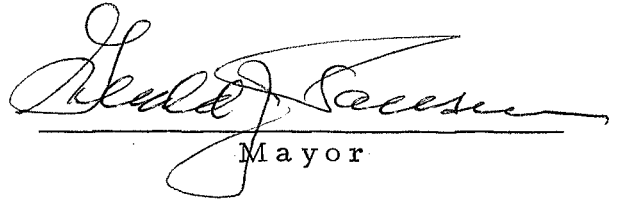

A joint meeting of City Council and the Councils of the Townships of Cornwall and Charlottenburgh was held at the Cornwall Civic Complex. The public meeting with M.M. Dillon Ltd. and R.M. Kostuch Associates was held for the purpose of reviewing a Cornwall Area Waste Management Study.

Mr. W.F. Wells, Project Manager with M.M. Dillon Ltd., reviewed with those in attendance the contents of the Study, including all observations and recommendations contained therein.

Having exhausted all questions from the elected officials and those persons from the public sector, Mayor Parisien expressed the hope that the respective Councils will in the near future receive this Study by resolution and that a concentrated effort will be made by the three parties to initiate positive action in this very vital matter.
