 - 134 - To vary the rates with St. Lawrence Power Co.
- Carried

DELEGATIONS

Cornwall Electric - Cornwall Electric was represented by Messrs. Burke, Bergeron, Bradley and Fawthrop, Members of the Board of Directors. Mr. Burke, Vice-Chairman, advised that further to a special meeting with Council the Board of Directors is asking Council for an increase of 5% effective January 1, 1983. He explained that Cornwall is enjoying very favourable rates in Ontario as it is expected that most other municipalities will be facing a much higher increase than Cornwall.

After questions from Members of Council had been answered, it was moved by Aldermen LeBlanc and Guindon that Cornwall Electric's presentation be received.

Carried

St. Lawrence Power Co. - Mr. C.T. Guilbeault, representing St. Lawrence Power, advised that his company has a ten year franchise and in order to satisfy a clause in the franchise his request is now before Council for a rate increase of 5% effective January 1, 1983. He stated that the residents of Cornwall are receiving quality service at very economical rates and the proposed increase is probably the lowest to be considered anywhere in Ontario. Council thanked Mr. Gilbeault.

Moved by Aldermen Lebano and Guindon that the presentation be received.

Carried

Mr. Ken Bergeron indicated that he is the solicitor for Mr. & Mrs. Lavigne who own 5 lots in R.P. 240. He stated that his clients had appeared recently before the Planning Board asking that the zoning be changed from RES 20 to Highway Commercial. Mr. Bergeron highlighted the history of applications made by the Lavignes relative to these properties. He stated that initially the Lavignes wanted to build a motel and in fact did build a motel but it is presently classified as a rooming house. He further stated that designating the properties as Highway Commercial would have no effect on other property owners. The property has always been well kept and maintained and by allowing a Highway Commercial zone there would be less use of the property than at present. He concluded his presentation by asking Council to consider rezoning the Lavigne property to Highway Commercial.

Mrs. Lavigne was then given permission to address Council and simply stated that at the time her property was being built upon, she was asked to provide for commercial sewer and commercial electrical services which were very expensive. She stated that the rezoning of the properties would be an improvement and would place them in the category they should have been in in the first place which is a motel designation.

After considerable discussion by members of Council, it was moved by Aldermen Lebano and LeBlanc that this application be referred to the Planning Board so that a public hearing can be held to allow all property owners involved an opportunity to express their position on this matter. A recorded vote resulted as follows - For the Motion: Aldermen Armstrong, Lebano, Lalonde, Cameron, Guindon, Samis, Samson and LeBlanc. Against the Motion: Aldermen Pescod, Wise, Leger and Aubry.

Carried

Parking for Handicapped - Mr. Charlie Stansel read a prepared presentation requesting that Council pass a by-law regulating and enforcing parking privileges for handicapped persons.

Moved by Aldermen Aubry and Leger that Administration proceed as soon as possible to prepare a by-law for Council's consideration which by-law would cover Mr. Stansel's request for restrictions on public property.

Carried

Sidewalk on First - Mr. Malcolm Macdonald, solicitor for Cornwall Community Credit Union, located at 26 First Street West, advised that in August the City replaced the sidewalk on the south side of First Street and within a matter of 1½ days, 33 customers registered complaints about the east and west driveway entrances. This information was passed on to City Administration for consideration. Since that time no action has been taken to remedy the situation. His clients are very concerned that they are not able to provide adequate service to their customers and any delay in correcting the entrances will cause them to lose many of their customers. He requested Council's assurance that action will be taken to resolve this matter within a certain time frame so that his clients and their customers will be so advised.

Moved by Aldermen Leger and Wise that this matter be reviewed by Administration with a report to come before Council as soon as possible.

Carried

Moved by Aldermen Cameron and Pescod that Rule 10 be invoked to allow Mr. Watmore to address Council.

Carried

Shoreline Cleanup - Mr. Watmore thanked Council for the opportunity to present his group's problem. He stated that he represents the 8 people who had been hired to clean up the waterfront under a Federal make-work program. They were hired with the understanding that they would have 8 weeks of work available and then one week later they were laid off because they were on the City's welfare rolls rather than on the UIC rolls. He stated that his group is prepared to file a grievance against the City and the Federal Government. He feels this represents discrimination against his group and that they should be allowed to resume work. He also expressed concern that the City of Cornwall or any other municipality would allow the Federal Government to initiate programs whereby they make distinctions between working classes whereby some can

obtain work and others cannot apply. He requested Council's support in their efforts to rectify the situation.

After considerable discussion, it was moved by Aldermen LeBlanc and Samis that the Council send a letter of protest to the Hon. Ed. Lumley relative to regulations under Federal programs with a request that these regulations be reviewed.
