BUDGET OVERVIEW

The Acting Manager of Finance Anita Roach, in her review of the budget document indicated that a reduction of \$3,198,657 was needed to provide no increase from the 1999 budget. She also listed the following options Council may consider in reducing the budget:

Supplementary Taxes	\$660,000
Omers Savings	1,000,000
CRF Allocation	600,000
Working Capital	329,000
Investment Income	160,000
Tipping Fees	<u>130,000</u>
	\$2,879,000

If Council chose to accept all of these options, there will remain \$320,000 in reductions to balance the budget. She suggested that a 1% tax decrease in the budget represents \$363,200. She further advanced that there is no funding in this budget for the Renaissance Project nor for the Medical Recruitment at \$250,000.

BUDGET REDUCTION - 2%

It was moved by Councillors Chris Savard and Claude Poirier that:

Whereas the Council of Cornwall will soon be establishing it's tax rate for the year 2000; and

Whereas there has been concern raised from taxpayers in the residential, commercial and industrial sectors, as well as private studies, that the level of taxation in our community is too high; and

Whereas an acceptable level of taxation is critical to the future growth and prosperity of our community; and

Whereas the City of Cornwall is presently halfway through the first quarter of our fiscal year without an approved budget; and

Whereas it is Council's responsibility to recognize that the tax levels in the City of Cornwall are too high and that a long term plan must be developed to address and rectify this problem,

NOW therefore be it resolved that the Council of the City of Cornwall commit itself to levying a 2000 tax rate that shows at least a 2% decrease over last year and

Be it further resolved that the City of Cornwall immediately begin the process of developing a comprehensive and progressive strategic plan for our community.
